

Kid's Corner

Activity Sheet

Augusta Gem & Mineral Society

Rock & Mineral Scavenger Hunt:

Check off each one you find!

- A rock with sparkles
- A rock with stripes
- A rock that's heavier than it looks
- A rock with a smooth surface
- A rock with a rough surface
- A rock with more than one color

Mineral Observation Challenge

Pick one rock or mineral and write:

Color: _____

Texture: _____

Shiny or Dull: _____

Hard or Soft: _____

Where you found it: _____

Draw Your Favorite Rock!

Fun Fact!

Some minerals glow under UV light – it's called fluorescence!
